This is the revised Progression Map for History, implemented from year 2023/2024. Starting from Reception, each year group (Colour) can be tracked diagonally as they move through the school.

In the previous year (shown above as 2022/2023) the structure of the classes was as follows:

Class 1 – Rec/Yr 1, **Class 2** – Yr2/Yr3, **Class 3** – Yr4/Yr 5/Yr 6.

Due to fluctuating numbers in the cohorts, the 2023/2024 structure has changed as follows:

Class 1 – Rec/Yr 1/Yr 2, **Class 2** – Yr 3/Yr 4, **Class 3** – Yr 5/Yr 6.

Therefore, Class 1 will now follow a 3 year rolling programme, Classes 2 and 3 will remain on a 2 year rolling programme.

The new programme has been devised to ensure coverage of the Corvedale History curriculum for all age groups as they progress through the school. Some adaptations have been made as “one off” changes to prevent any repetition as the new programme is rolled out.

Note –The “Significant People” Topic for Class 1, although detailed above, is fluid and can be adjusted to reflect national or global events. It is planned at the discretion of the teacher.

In addition, during the Autumn term, each class has been asked to deliver a Class Assembly on a History topic, not specified in the curriculum but of national significance.

Class 2 - October	Black History Month
Class 1 - November	Bonfire Night
Class 3 - November	Remembrance Day
