

Corvedale C of E Primary School Parents Survey November 2024

How are we doing?

It is our aim to be a school that provides the very best primary education for your child but we – the Governing Body - need your feedback to help us towards this. Complete the following questionnaire and if you have any further thoughts include them in the comments. This is especially useful if you think we need to improve. Thank you

42 out of 51 families provided a return to the questionnaire which equalled 82% of parents. The questionnaires were collected on parents evening. Actual figures are rounded up or down to the nearest % whole number.

Any other comments you would like to make?

Its not just a school its a family-always recommend it to others.

Very good communication with teachers-important 2 way dialogue. No concerns very happy with the school.

My child enjoys coming to school. Lovely close unit. Proactive, responsive, safe.

Always recommend parents to take a look.

All the parental comments for every question have been included.

My child(ren) is in year:	Nursery	Recep	Yr 1	Yr 2	Yr 3	Yr 4	Yr 5	Yr 6
not counting Nursery that is 51 pupils out of 63 or 81%	2	7	3	7	8	5	8	13

Summary.

1. Overall the % of excellent /good responses has stayed constant but there has been an increase in a move to excellent rather than good responses.
2. Homework still remains an area to look at but needs improving has gone down
3. The variety of extra curricular activities still needs looking at and the people/resources needed to deliver it especially for younger children.
4. It must still be noted that the SEND figures reflect the Ofsted parents responses and possibly their comments.
5. There is still an overwhelming number of parents (95-100%) who view what the school offers overall as either excellent or good. The “needs improvement” including homework and extra curricular activities is largely equivalent to one or two parents responses.
6. The leadership of the school and its relationship with parents is still at 100%.
7. 100% of our parents would still recommended our school to other parents and feel that it is a safe and happy place to learn with 98% endorsing that their children are making good progress and 96% believing that good behaviour is promoted.
